PROFESSIONAL SUMMARY

Frontend Developer with **1.5 years of experience** building scalable, responsive, and high-performance web applications using **React.js, Redux Toolkit, JavaScript (ES6+), and Tailwind CSS**. Strong expertise in UI engineering, state management, reusable component architecture, and API-driven development. Recognized for improving UI efficiency by **30–35%**, enhancing accessibility, and delivering clean, production-ready code in Agile environments.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend:** React.js, Redux Toolkit, Context API, React Router, Tailwind CSS, Framer Motion
- **Data & UI Libraries:** Chart.js, Recharts, Axios, Formik & Yup, React Icons, React Data Table Component
- **Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools, Postman
- **Core Competencies:** Responsive UI Engineering, Component Architecture, Optimization, API Integration, Accessible Design, Agile Development

PROFESSIONAL EXPERIENCE

Frontend Developer, ThirdI Technologies

Chennai, IN | May 2024 – Oct 2025

- Engineered a highly responsive interface using React.js, Redux Toolkit, Context API, and Tailwind CSS, achieving a **35% improvement in performance**.
- Implemented global state management (e.g., light/dark mode theme toggling) using React Context API alongside Redux Toolkit.
- Reduced code redundancy by **25%** through modular component architecture and optimized React hooks.
- Integrated **RESTful APIs** in collaboration with backend teams.
- Improved load time using lazy loading, memoization, and optimized state updates.
- Followed Git best practices including branching, commits, and peer reviews.

KEY PROJECTS

E-Commerce Website

- Built a production-style e-commerce interface using **React.js, Tailwind CSS, and Framer Motion** to deliver an engaging and smooth user experience.
- Implemented **Context API** for centralized state handling of cart, authentication, product filters, and wishlist operations.
- Simulated API interactions using mock data and implemented **React Router** for dynamic routing across product pages.
- Developed efficient, reusable UI components to accelerate development and maintain consistent design patterns.
- Ensured mobile-first responsiveness and followed accessibility best practices for enhanced usability.
- Integrated **Formik + Yup** for login, signup, and checkout form validation.

Admin Dashboard Template

- Created a modular and scalable admin dashboard using **React.js**, **Tailwind CSS**, and **Context API**.
- Built a responsive sidebar, theme toggler, and customizable widgets for analytics, reporting, and monitoring use cases.
- Incorporated **Recharts**, **Chart.js**, and **React Data Table Component** for real-time visualization and tabular data management.
- Developed reusable dashboard layouts adaptable to multiple domains, including e-commerce analytics, sales and revenue tracking, healthcare monitoring, and task management.
- Optimized component rendering and UI responsiveness for large, dynamic datasets.

EDUCATION

Master of Computer Applications (MCA)	2021 – 2023
SRM Arts and Science College, Kattankulathur	82%
B.Com (Information System Management)	2018 – 2021
SRM Arts and Science College, Kattankulathur	76%
