PROFESSIONAL SUMMARY

Frontend Developer with **1.5+ years of experience** building scalable web and mobile applications using **React.js, React Native, JavaScript (ES6+), Redux Toolkit, and Tailwind CSS**. Experienced in developing **role based enterprise applications, analytics dashboards, and AI powered analytics platforms**. Strong expertise in **component based architecture, responsive UI systems, API integration, and performance optimization**. Proven ability to deliver clean, maintainable, and production ready code in Agile development environments.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend Development:** React.js, React Router, Tailwind CSS, Material UI, Framer Motion, Responsive Web Design
- **Mobile Development:** React Native CLI (Android), React Navigation, Responsive Mobile UI Development
- **State Management:** Redux Toolkit, Context API
- **UI Libraries & Forms:** React Hook Form, Formik, React Icons, Lucide React
- **Data Visualization:** Recharts, Chart.js
- **Networking, APIs & Testing:** REST API Integration, Axios, Fetch API, JSON Data Handling, API Testing (Postman)
- **React Native Libraries:** React Native Paper, React Native Reanimated, React Native Gesture Handler
- **Web Optimization & SEO:** SEO Meta Tags, Google Search Console, Sitemap Integration, Web Page Indexing
- **Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools, Android Studio, Gradle, Postman
- **Core Competencies:** Reusable Component Architecture, Responsive Design, Performance Optimization, Lazy Loading, Code Splitting, UI Optimization, Agile Development

PROFESSIONAL EXPERIENCE

Frontend Developer — ThirdI Technologies

Chennai, India | May 2024 – Oct 2025

- Developed scalable and responsive web applications using **React.js, Redux Toolkit, and Tailwind CSS**.
- Built reusable UI components and modular architecture which reduced code duplication by **25%**.
- Implemented global state management using **Redux Toolkit and Context API**.
- Integrated RESTful APIs and collaborated closely with backend teams for seamless data communication.
- Improved application performance using **lazy loading, memoization, and optimized state updates**.
- Followed Agile methodologies including sprint planning, code reviews, and Git based version control workflows.

KEY PROJECTS

AI-Powered Pediatric Growth Analysis Platform (Web & Mobile)

- Spearheaded **frontend module development** of a **healthcare AI system** assisting pediatricians with **medical imaging-based growth prediction**.
- Crafted **role-based dashboards** supporting **multi-user access** including doctors, laboratories, administrators, and patients.
- Built **interactive analytics dashboards** visualizing diagnostic insights and patient health reports using **real-time data rendering**.
- Assembled **scalable cross-platform UI architecture** using **React.js** and **React Native**.
- Enabled **secure medical image uploads**, automated report workflows, and seamless **REST API integration**.

PPE Safety Detection Monitoring System (Web & Mobile)

- Produced **responsive user interfaces** for an **AI-powered industrial safety monitoring platform**.
- Delivered **real-time compliance dashboards** and mobile monitoring screens using the **React.js ecosystem**.
- Visualized **detection analytics** through dynamic data charts and **performance monitoring indicators**.
- Formulated **reusable component libraries** ensuring **cross-device compatibility** and UI consistency.
- Coordinated with **AI engineers** and backend teams to synchronize **detection outputs**, reporting modules, and live monitoring systems.

EDUCATION

Master of Computer Applications (MCA)	<i>2021 – 2023</i>
SRM Arts and Science College, Kattankulathur	<i>82%</i>
B.Com (Information System Management)	<i>2018 – 2021</i>
SRM Arts and Science College, Kattankulathur	<i>76%</i>
